54TRKPK
500150 15.99

JAPANESE TRACK PACK

The incredibly useful and number one aftermarket fastener kit, the Track Pack contains the hardware riders need and replace most often. Includes M5, M6 & M8 flange bolts, flange nuts, metal locking nuts, t-nuts, washers and screws. Designed for use on late model Japanese motocross and off-road motorcycles.

54 Pieces.

48EUTP
500152 19.99

EURO STYLE TRACK PACK

Incredibly popular among KTM riders, the Euro Style Track Pack has the KTM factory style hardware that riders need! Includes M6 & M8 torx head flange bolts, hard-to-find shroud screws, concave washers, Brembo style brake pin clips, sub-frame bolts and M5 flange bolts.

50 Piece kit designed for late model KTM motocross and off-road motorcycles (2003-current).

HSKTP
500154 19.99

HUSKY TRACK PACK FOR HUSQVARNAS

Our new 52 piece Husky Track Pack has been designed for Husqvarna two- & four-stroke models and contains essential hardware in factory style and finish including: M5, M6 and M8 torx head flange bolts, shroud screws, seat bolts, fork guard bolts, fender and side cover fasteners, case cover bolts, motor mount hardware, brake pin clips, concave washers, sub-frame bolts.

Fitment: 2014-Current All Husqvarna Models. TC, TE, TX, FC, FE, FX 50cc-501cc.

98ATVTP
500156 24.99

ATV TRACK PACK

This 98-piece factory style fastener kit contains the 8.8 grade zinc-plated steel hex flange bolts, Fuji & nylock nuts, cotter pins, fairing bolts, button head bolts, rivets and more that are most commonly lost or replaced on late model Japanese sport and utility ATV's.

99SBTP
500158 24.99

SPORT BIKE TRACK PACK

This factory style fastener kit contains over 100 pieces of class 8.8 zinc-plated steel hex flange bolts, button head bolts, socket head bolts, Fuji & nylock nuts, fairing bolts, nylon rivets and more! Designed for late model Japanese sportbikes.

56CRFTP
500160 19.99

TRACK PACK FOR HONDA CR/CRF

This extensively researched 56-piece Track Pack contains hardware in factory style and finish. Includes sub-frame bolts, fork guard bolts, radiator shroud bolts, M5, M6 & M8 hex flange bolts, t-nuts, fuji nuts, and more!

56 Piece kit designed for Honda CR & CRF models (2000-current)

48KXTP
500162 19.99

KX / KXF TRACK PACK

The KX Track Pack contains essential hardware that all Kawasaki KX and KXF riders need. Includes M6 & M8 flange and shoulder bolts for radiator shroud, fork guard, sub-frame & bodywork, brake master cylinder bolts, chain slider hardware, t-nuts, flange nuts and more! Designed for full size KX and KXF models.

48 Pieces

49YZTP
500164 19.99

YZ / YZF TRACK PACK

The YZ Track Pack contains the hardware that is needed and replaced often on Yamaha's. Includes Yamaha style M6 & M8 flange bolts, seat bolts, fork guard bolts, radiator shroud bolts, chain slider bolts, t-nuts, flange nuts and more. Designed for YZ, YZF and WRF models.

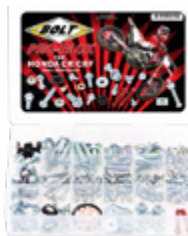

49 Pieces

2004-PP
500166 54.99

JAPANESE OFF-ROAD METRIC BOLT KIT | UNIVERSAL

The most economical universal metric hardware assortment. Contains the most commonly replaced steel hardware for Japanese off-road and motocross models and a full set of sprocket bolts. All hardware meets or exceeds factory specs.

2008-CRFPF
500167 69.99

PRO PACKS FOR HONDA CR/CRF

Incredibly popular among KTM riders, the Euro Style Track Pack has the KTM factory style hardware that riders need! Includes M6 & M8 torx head flange bolts, hard-to-find shroud screws, concave washers, Brembo style brake pin clips, sub-frame bolts and M5 flange bolts.

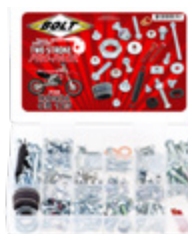

50 Piece kit designed for late model KTM motocross and off-road motorcycles (2003-current).

CRPP-SF
500168 95.99

TWO-STROKE PRO PACKS FOR HONDA CR125 / CR250 / CR500

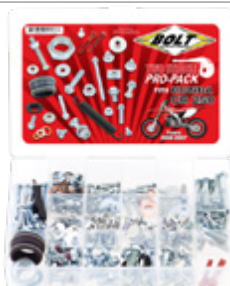

Loaded with all the factory style fasteners for a vintage restoration project. Fastens everything from bodywork, engine cases and top end, to brakes, drive train and more! Organized container includes a placement guide to ensure proper fitment for each model. Designed for Honda steel frame models in specified years.

CRPP-125
500169 79.99

TWO-STROKE PRO PACKS FOR HONDA CR125 / CR250 / CR500

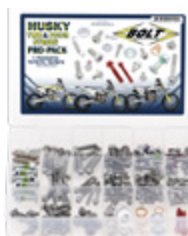

Contains all the fasteners and bushings for bodywork, outer case bolts, cylinder and head fasteners, swingarm hardware, triple clamp hardware, brake hardware, sprocket bolts, rotor bolts, rear axle nut, pipe springs, pipe silencer seal, drain plug washers, and Bolt's exclusive thread chasers. Includes expansion chamber o-rings, pipe to muffler coupler, & pipe springs, and all outer engine, chassis, and wheel hardware in factory style and finish for a complete CR two-stroke overhaul.

CRPP-250
500170 84.99

PRO PACKS FOR HONDA CR/CRF

Includes sub-frame bolts, fork guard bolts, radiator shroud bolts, M5, M6 & M8 hex flange bolts, seat bolts, rotor bolts, a full set of sprocket bolts, t-nuts, factory style aluminum bushing for the bodywork, valve stem grommets & caps, Fuji lock nuts, drain plug washers and oil filter o-rings. Designed for Honda CR & CRF models from 2000-current. Note: Does not include 2-stroke specific hardware.

HUSKPP
500171 74.99

PRO PACK FOR HUSQVARNA

Contains factory style hardware. Includes all bodywork fasteners and aluminum bushings, rotor bolts, a full set of sprocket bolts, exhaust springs, Fuji lock nuts, thread chasers and drain plug washers.

Husky Pro-Pack is designed for off-road Husqvarna model years 2014-current. Suitable for all displacements, two-stroke & four-stroke.

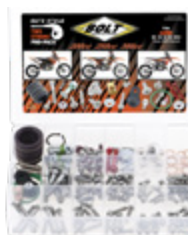

2004-EUPP
500172 69.99

EURO STYLE PRO PACKS FOR KTM

Contains factory style hardware. Includes all bodywork fasteners and aluminum bushings, rotor bolts, a full set of sprocket bolts, Fuji lock nuts, thread chasers and drain plug washers.

The Universal Euro Style Pro-Pack is designed for off-road KTM model years 2003-current. Suitable for all displacements.

EUPP-200/300
500173 74.99

EURO STYLE PRO PACKS FOR KTM - 2 STROKE

Includes o-rings, pipe to muffler coupler, & springs and a custom assortment of hardware. Specialized for these 2-stroke models:

- 200cc-300cc fits KTM 200-300 SX, XC, XC-W, EXC (2002-current)

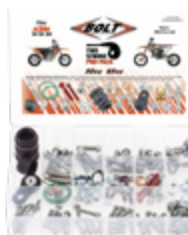

EUPP-85/150
500174 74.99

EURO STYLE PRO PACKS FOR KTM - 2 STROKE

Includes o-rings, pipe to muffler coupler, & springs and a custom assortment of hardware. Specialized for these 2-stroke models:

- 85cc-150cc fits KTM 85, 125, & 150 SX / XC (2002-current)

Our Billet Aluminum Chain Adjuster Blocks hold the wheel precisely in place while tightening the chain and stay in position even when the axle is removed! Bolt's unique design means only one 10mm wrench is needed to make chain adjustments. Each anodized 6061 aluminum block has easy-to-read laser etched aligning marks. M8 stainless steel fasteners come with thread lubricant.

NUTS AND BOLTS

AXN22

500216 5.99

LOCKING AXLE NUT 22MM

Perfect for replacing the Kawasaki KX/KXF stock castle nut and cotter pin.

Also replacement for all other brand 22mm axle nuts

BMH-YZ.DZE

500217 9.99

DZUS ELIMINATOR KIT

Dzus Eliminator Kit contains all the replacement hardware to convert problematic and expensive D-Ring quarter turn fasteners into reliable hex flange bolts for the YZF airbox.

2006-CH

500219 5.99

CHAIN ADJUSTER BOLTS/NUTS-2PK

Our chain adjuster bolts resist corrosion and seizing in the swingarm.

For stock applications, we offer two zinc plated steel M8x50mm chain adjuster bolts and zinc plated steel flange nuts. 1 gram of anti-seize lubricant is included.

BMH-KNUT

500218 14.99

DZUS ELIMINATOR KIT

Rear Fender "Perma-nuts" replace OEM rear fender t-nuts on 2019-current KX450 and 2021-current KX250 models.

Propriety design ensures nut will press into place and does not fall out.

2007-GRM

500220 4.99

VALVE STEM GROMMETS & CAPS

Seals out dirt and moisture which can cause corrosion, friction and flats.

This kit will do two sets of wheels Includes four rubber grommets and four black plastic valve stem caps.

2007-RVS

500221 9.99

RIM LOCK & VALVE STEM SEALS

Aluminum rim-lock spacers and rubber valve stem grommets are custom contoured to allow even distribution of stress and to seal out the elements.

Helps reduce corrosion in your wheel, keeping spoke nipples from freezing up, reducing friction and flats

2007-GRM

500231 9.99

VALVE STEM GROMMETS & CAPS

Seals out dirt and moisture which can cause corrosion, friction and flats.

This kit will do two sets of wheels Includes four rubber grommets and four black plastic valve stem caps.

2STK-HDNUT

500338 14.99

TWO-STROKE CYLINDER & HEAD NUTS

Universal Two Stroke Cylinder and Head Nuts kit includes (7) M8 head nuts, (4) M8 flange nuts, (4) M10 flange nuts, and (7) M8 copper washers. Head nuts are attractive zinc plated cap nuts. Will fasten cylinders onto either M8 or M10 studs.

Fits all two stroke top ends.

WSF-NUT-50

500232 39.99

M5 WINDSCREEN WELL NUTS 50/PK

M5 compression well nuts used for windscreen installations.

Designed to minimize shock and firmly hold your windscreen in place.

Specially designed rubber compression nuts

LICENCE PLATE FASTENERS/ NUTS AND BOLTS

Our License Plate Fasteners fit all models. Choose from Steel or Nylon.

Steel License Plate Fasteners:
Button Allen head bolts provide a smooth appearance, washers and nylon locking nuts securely fasten.

Black Nylon License Plate Fasteners:
These install with just your hands, no tools needed! Will not rust or corrode. Locking nut will not vibrate loose.

SWINGARM SPOOLS SILVER AND BLACK

This Universal Kit is guaranteed to fit all Honda, Yamaha, Suzuki, Kawasaki, Ducati, BMW, Aprilia, & Triumph sportbikes with factory swingarm spool mounts. Low profile 6061 billet aluminum spools stay clear of track at all lean angles.

Tapered base guides lifting forks to the outside of spool so forks won't scratch swingarm. Includes all mounting hardware for M6, M8 & M10 mounting holes and installation instructions.

ENGINE FASTENER KITS

Engine Fastener Kits come with modern dimpled flange bolts. With a bright zinc finish, these fasteners last long and give a clean, updated look to any engine.

Two-Stroke Engine Fastener kits have all the external fasteners from top to bottom-end including hardware for: Heads, Reeds, Cylinder, Crankcase, Case Saver, Water Pump, Left Case Cover, Ignition Cover, Inner & Outer Clutch Covers, Power Valve Covers.

Four-Stroke Engine Fastener kits include bottom-end hardware for the following: Crankcase Covers, Clutch Cover, Oil Filter Cover, Crankcase, Case Saver, Water Pump and various top-end bolts depending on model.
