# NEW ITEMS

## CUSH

The Cush Series is a sleeping bag for your feet! Cush is different than a slipper. It has a soft nylon upper, cozy insulation, elasticized lockable tie and a durable nylon bottom

**Page 165 in Boots**

## LADIES TESSA

These boots a great multi-use choice for a winter boot. Specifically designed for a women's fit. Features a D-Ring front lace fastening system and Waterproof upper materials.

**Page 163 in Boots**

## MENS CANADA

A rubber outsole blocks out snow and slush, while a tall leather shaft blocks out tall drifts.

**Page 154 in Boots**

## MENS SUMMIT

Weighing only 2 lbs per boot, these sit upon a Superlite™ shell which features a snowshoe ledge.

**Page 155 in Boots**

## YOUTH PINETREE

These lightweight and flexible boots allow all little Baffin® wearers to take on any winter weather in comfort

**Page 165 in Boots**

## M2.5 MESH MASKS

Like all RZ Masks®, the M2.5 Mesh Masks feature F1 Standard Filters, blocking 99.9% of particulates down to .1 micron in size!

**Pages 48 - 49 in Headgear**

## M2 NYLON MASKS

The RZ® M2 Nylon features the same profile and single-strap closure as the M2 Mesh, but opts for a comfortable nylon fabric for the outer shell. It also offers best-in-class filtration and comfort with a 360° seal

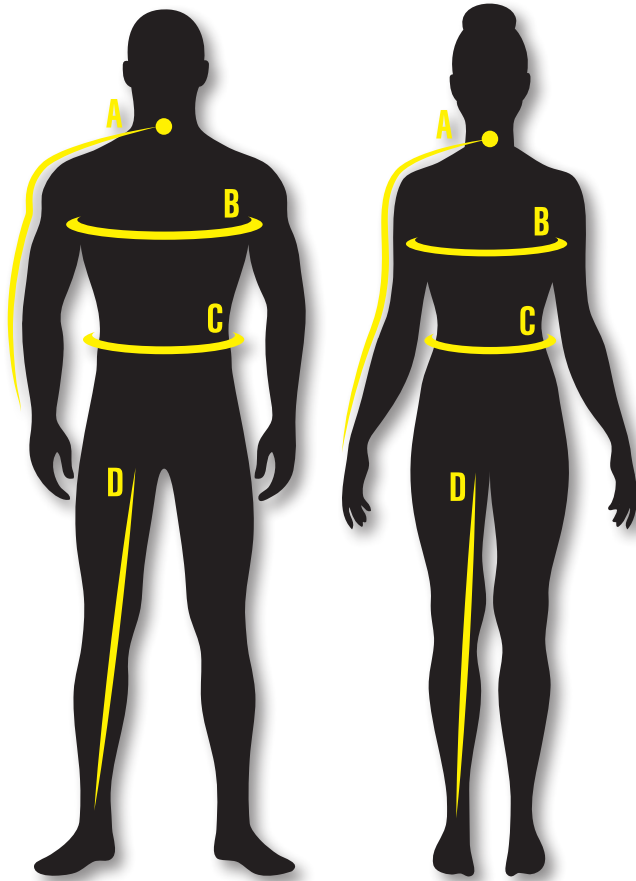

**Page 50 in Headgear**

**FITMENT  
GUIDE**

**JACKETS**

**(A) Sleeve Measurement Instructions**

1. Stand with your arms relaxed at your side.
2. Place one end of the tape on your spine.  
*(at the base & center of neck)*
3. Measure over top of shoulder, down elbow, finishing at your wrist bone

**(B) Chest Measurement Instructions**

1. Stand with your arms relaxed at your side.
2. Encircle your chest with a tape measure.  
*(Tape should pass through both armpits while remaining parallel with the floor for accuracy)*

**PANTS & BIBS**

**(C) Waist Measurement Instructions**

1. Stand in a relaxed position.
2. Measure around your natural waistline.  
*(Tape should remain parallel with the floor)*

**(D) Inseam Measurement Instructions**

1. Stand in a relaxed position.
2. Measure inside leg, from crotch to ankle.

**MENS SIZES**

### PLEXUS PLASTIC CLEANER PROTECTOR & POLISH

DESC.	QTY/CS	PART #	MFG #	
7 oz	12	PL20207	20207	18.95
13 oz	12	PL20214	20214	29.95

Originally developed for use in aviation, Plexus is quite simply the most effective product you can buy for cleaning, protecting and polishing clear and colored plastics. Plexus actually seals the pores of the plastic. It makes small scratches less visible, leaving a surface that is fresh, lustrous and protected. Plexus dries perfectly, no smears, no scratches, no smudges and no oily, tacky or sticky residue. It's anti static and can be applied in seconds.

Around your house try using Plexus on your counter tops and appliances. Keep your refrigerator, dishwasher, ovens, even your microwave shinier and cleaner. Anyplace that might contain plastic, use Plexus!

Use Plexus on your computer screen to keep it clean and fingerprint-free. Or use it on your eyeglasses to keep them clean. (Don't forget about your sunglasses too!)

The most effective product for cleaning, protecting and polishing clear & colored plastics.

### NOVUS PLASTIC POLISH

# NOVUS

### RECOMMENDED FOR USE ON:

Plexiglass • Lexan • Lucite • Uvex • Acrylite

#### #1 : PLASTIC CLEAN AND SHINE

Gently cleans all plastics without scratching. Leaves a lustrous shine that resists fogging, repels dust, and eliminates static. Resists finger marking. Contains no abrasives or harsh chemicals. Leaves a smooth, clean, greaseless shine.

DESCRIPTION	PART #	MFG #	
2 oz	NO7026	7026	2.62
8 oz	NO7020	7020	4.96

#### #2 : FINE SCRATCH REMOVER

Removes fine scratches, haziness and abrasions from most plastics. With repeated use, NOVUS No. 2 restores faded and discolored plastics. Removes the damage instead of filling it in. Buffs out quickly. After restoring, seals with a coat of polish.

DESCRIPTION	PART #	MFG #	
2 oz	NO7033	7033	3.85
8 oz	NO7030	7030	7.15

#### #3 : HEAVY SCRATCH REMOVER

Removes heavy scratches and abrasions from most acrylic surfaces. Use when damage is too severe to be restored with NOVUS No. 2 polish. Requires use of NOVUS No. 2 for final finishing. Not recommended for use on coated plastics.

DESCRIPTION	PART #	MFG #	
2 oz	NO7081	7081	4.54
8 oz	NO7080	7080	8.40

### KLEER-VU ANTI FOG CLEANER

Kleeer-Vu cleans, prevents fogging and reduces dust build up on all types of lenses. It can be used safely on plastic or glass lenses, coated or otherwise.

Easy to use, just spray directly onto the surface or onto a cloth then wipe lens clean with a soft cloth. It becomes more effective with repeated use. Kleeer-Vu is long lasting whether applied directly and then wiped, or sprayed onto a cloth before wiping.

#### PRE-PACKAGED DISPLAY UNIT Contains:

- 9 Each **NF91160** 1/2 oz.
- 12 Each **NF91167** 2 oz.
- 48 Each **NF91173** cloth

### S100 SPECIAL SURFACES CLEANER

S100 Special Surfaces Cleaner is a waterless spray-on, wipe off cleaner that cleans up helmets, visors, instruments and windshields in seconds. Bugs, rain spots and road film disappear instantly leaving nothing but a nice clear surface! Here's what some users said: "...used on my helmet visor...it appears so clear it seemed like I didn't have my visor down". "I was amazed how it gave back life to the cover on the speed and tach gauges." Safe for use on polycarbonate and acrylics such as Lexan®, Lucite®, Plexiglas®, fiberglass, etc. Perfect to take along in the saddlebag.

**Chix**

*Ladies Riding Glasses  
with a Feminine Touch!*

Our Biker Chix line of women's motorcycle sunglasses and goggles selection is as varied as the ladies who wear them. They bring women riders serious eyewear protection with stunning appeal. Quality motorcycle eyewear is critical to safe riding enjoyment; however, ladies no longer have to look tough, unless they want to.

Biker Chix eyewear features designs of motorcycle sunglasses for women with rhinestones, metal accents, a variety of lens colors (including polarized), and padded frames as well as ladies goggles. Whether you lean toward feminine, feisty, elegant or hardcore biker chick, enjoy the ride with Biker Chix Riding Glasses for Women.

**GOGGLES**

FOAM

ADJUSTABLE STRAP

Whether on a motorbike, skiing, snowboarding or freefalling, one can expect superior functionality, comfort and durability from Bobster® goggles. Specifically designed to conform to various shapes of faces, the goggle frame creates a close seal and significantly reduces wind blasts and vibrations. The adjustable head strap provides maximum retention and security while the foam allows ultimate airflow to prevent lenses from fogging.

**BUGEYE**

**FEATURES:**

- Frame Size: Medium / Large
- Adjustable Goggle Strap
- Flexible Molded Plastic Frame
- Open Cell Foam

## M2.5 MESH MASKS

*Like all RZ Masks®, the M2.5 Mesh Masks feature F1 Standard Filters, blocking 99.9% of particulates down to .1 micron in size!*

The RZ M2.5 Mesh Mask offers best-in-class filtration and comfort with a 360° seal. This mask offers the best features to help keep you cool and comfortable such as breathable mesh material, dual one-way discharge valves to reduce moisture inside the mask and an adjustable nose clip to eliminate any fogging of your glasses. The dual elastic strap closure system is flexible and super secure.  
(Washable and Reusable)

**EACH M2.5 MESH MASK INCLUDES:**  
1 RZ Mask® + (2) F1 Filters + Storage Bag

- helmet accessories
- eyewear
- headgear
- jackets
- t-shirts & sweatshirts
- bibs & pants
- gloves
- boots
- protection

Sold Each

Like all RZ Masks®, the M2.5 Mesh Masks feature F1 Standard Filters, blocking 99.9% of particulates down to .1 micron in size!

### WHAT IS A RZ MASK® F1 STANDARD ACTIVE CARBON FILTER?

The F1 is a standard RZ Mask® filter, consisting of two layers. The first layer is our highly effective particulate filter, trapping particles down to .1 micron in size. The second layer is an Active Carbon Element, which helps to reduce harmful fumes and odors. The best part? All RZ® filters have been laboratory tested to be up to 99.9% effective!

**COMMON F1 USES:**  
Low intensity, dust/fumes/odors/smoke/pollen.

Best-in-class filtration with 360° seal  
Active Carbon Element reduces odors

Filters up to 99.9% of particulates down to .1 micron in size (400 times smaller than a human hair!)

Performance far exceeds that of homemade masks, bandanas, cloth masks, and paper masks

Independently tested at Nelson Laboratories in Salt Lake City, UT

### FILTER SIZE MATCHES YOUR MASK SIZE.

#### FIND YOUR SIZE:

To choose the right RZ Mask size, measure the distance from the bridge of your nose to the bottom of your chin. Use dotted line measurement.

MEDIUM	LARGE	EXTRA LARGE
3.5" - 4"	4" - 4.5"	4.5" - 5.5"

#### HOW LONG DOES AN RZ FILTER LAST?

The life expectancy of the RZ® Filter depends on many variables, such as; particulate exposure density, particulate exposure duration, and user breathing rate. With that said, below are our general guidelines – as the user will have the final call given your exposure.

20-30+ hours of continuous use in heavy dust exposure to things such as; grain bins, off-roading, construction/demolition, etc.

30-40+ hours of continuous use in light dust exposure to things such as; grain bins, off-roading, construction/demolition, etc.

50-60+ hours of continuous use when protecting against allergens, pollutants, odors, etc.

## M2 NYLON MASKS

*Like all RZ Masks®, the M2 Nylon Masks feature F1 Standard Filters, blocking 99.9% of particulates down to .1 micron in size!*

The RZ® M2 Nylon Mask features the same profile and single-strap closure as the M2 Mesh, but opts for a comfortable nylon fabric for the outer shell. It also offers best-in-class filtration and comfort with a 360° seal. This mask offers the best features to help keep you cool and comfortable such as breathable nylon material, dual one-way discharge valves to reduce moisture inside the mask and an adjustable nose clip to eliminate any fogging of your glasses.

(Washable and Reusable)

**EACH M2.5 MESH MASK INCLUDES:**  
1 RZ Mask® + (2) F1 Filters + Storage Bag

### WHAT IS A RZ MASK® F1 STANDARD ACTIVE CARBON FILTER?

COMMON F1 USES:  
Low intensity, dust/fumes/odors/smoke/pollen.

The F1 is a standard RZ Mask® filter, consisting of 2 layers. The first layer is our highly effective particulate filter, trapping particles down to .1 micron in size. The second layer is an Active Carbon Element, which helps to reduce harmful fumes and odors. The best part? All RZ® filters have been laboratory tested to be up to 99.9% effective!

Best-in-class filtration with 360° seal	Filters up to 99.9% of particulates down to .1 micron in size (400 times smaller than a human hair)!
Active Carbon Element reduces odors	
Independently tested at Nelson Laboratories in Salt Lake City, UT	Performance far exceeds that of homemade masks, bandanas, cloth masks, and paper masks

## M2 MESH MASKS

*Like all RZ Masks®,  
the M2 Mesh Masks  
feature  
F1 Standard Filters,  
blocking 99.9%  
of particulates down to  
.1 micron in size!*

The RZ® M2 Mesh Mask is our 2nd generation design. Offers best-in-class filtration and comfort with a 360° seal. It also offers great features to help keep you cool and comfortable such as breathable mesh material, dual one-way discharge valves to reduce moisture inside the mask and an adjustable nose clip to eliminate any fogging of your glasses. The single strap hook-and-loop closure, aiding in quick installation and removal of the mask.

## SIZING

fig. 1

**Make Sure Your Mask & Filter Sizes Match!**

**Medium Mask = Medium Filter**  
**Large Mask = Large Filter**  
**X-Large Mask = X-Large Filter**

RZ Mask® offers 3 types of filters:  
 The F1, F2 & F3 filters.  
 All filters come in 3 sizes to correspond to the three sizes of masks offered. To determine the correct mask size for your facial structure, we recommend taking exact measurements using the method described below. This is the most accurate way to determine your correct size.

### FIND YOUR SIZE

Measure from the height of the bridge of your nose (usually just below your eye line) down to the tip of the chin, and do not measure past the tip of your chin. \*See fig.1

Match your measurement with the given sizes to find the correct sizing for you. If your measurements lie in-between sizes we recommend to size down for a tighter seal.

MEDIUM	LARGE	EXTRA LARGE
3.5" - 4"	4" - 4.5"	4.5" - 5.5"

fig. 2

fig. 3

Male Model wears a size Large. \*See fig. 2 Female Model wears a size Medium. \*See fig. 3

fig. 4

### PROPER FIT

A proper fit is key to efficient filtration and prolonged comfort. A proper seal is only required on the filter, not the mask shell. \*See fig.4 The filter (inside mask) is creating a seal on the users face while the mask shell has some slack. This is acceptable. As long as the filter is creating a seal, the mask is deemed effective. When applying your mask, place the top most part of the mask on the very top of your nose, then lower to cover your mouth and chin. Finish by fastening the strap(s) in a comfortable position.

## RZ MASK® FILTERS – TECHNOLOGY

*All RZ® filters trap particulates down to .1 micron in size*

All RZ® filters trap particulates down to .1 micron in size, which is 400 times smaller than a human hair! In addition, RZ® filters have been laboratory proven to be up to 99.9% effective at removing these particles. Testing was performed at the world-renowned Nelson Laboratories in Salt Lake City, UT.

Note that this performance far surpasses that of fabric or cloth masks, homemade masks, bandanas, surgical masks, and paper masks. Even N95 masks are only rated to filter 95% of particulates down to .3 micron! RZ Industries® prides itself on offering world-class performance and protection. Keep in mind that, no matter which RZ® filter you choose, you'll receive unprecedented protection for you and your loved ones.

### HOW LONG DOES AN RZ FILTER LAST?

The life expectancy of the RZ® Filter depends on many variables, such as; particulate exposure density, particulate exposure duration, and user breathing rate. With that said, below are our general guidelines – as the user will have the final call given your exposure.

- 20-30+ hours of continuous use in heavy dust exposure to things such as; grain bins, off-roading, construction/demolition, etc.
- 30-40+ hours of continuous use in light dust exposure to things such as; grain bins, off-roading, construction/demolition, etc.
- 50-60+ hours of continuous use when protecting against allergens, pollutants, odors, etc.

### RZ® FILTER MODELS

#### F1

#### STANDARD ACTIVE CARBON FILTER

The F1 standard RZ Mask® filter consists of two layers. The first layer is our highly effective particulate filter, trapping particles down to .1 micron in size. The second layer is an Active Carbon Element, which helps to reduce harmful fumes and odors. The best part? All RZ® filters have been laboratory tested to be up to 99.9% effective!

F1				
SIZE	3 PACK		12 PACK	
M	650235	9.95	650695	32.95
L	650117	9.95	650696	32.95
XL	650119	9.95	650697	32.95

#### F3

#### HIGH-FLOW + ACTIVE CARBON FILTER

The F3 is a premium RZ® filter, and combines the best technologies from our F1 and F2 filters. The first layer is a High-Flow Electrostatic Filter, trapping particulate down to .1 micron in size (with 40% better breathability than our standard F1 filter). The second layer is an Active Carbon Element, which helps to reduce harmful fumes and odors. The best part? All RZ® filters have been laboratory tested to be up to 99.9% effective!

F3				
SIZE	3 PACK		12 PACK

L	650509	19.95	650699	48.95
XL	650510	19.95	650700	48.95

#### F2

#### HIGH-FLOW + ACTIVE CARBON FILTER

The F2 High-Flow filter has 40% better breathability than the standard F1 filter. It uses a highly effective Electrostatic Filter, which promotes better flow – with no loss in filter effectiveness. Note that the F2 does not contain an active carbon element, eliminating the filtration of fumes and odors.

F2

## RZ® ACCESSORIES

- helmet accessories
- eyewear
- headgear
- jackets
- t-shirts & sweatshirts
- bibs & pants
- gloves
- boots
- protection

Make your mask your own with RZ accessories made to express your own personal style! Pick from a wide selection of unique patterned dust mask shells and colorful valves that are compatible with all of our RZ masks.

### V2 VALVES

Customize your RZ Mask® with our new and improved 2.0 Dual-Exhalation Valve System

#### RZ® Dual Valve Technology:

A one-way airflow vent expels condensation keeping the mask interior dry. Each valve facilitates easy breathing outwards by optimizing airflow. An easy twist seal locks the inner filter in place and blocks unfiltered air.

Our 2.0 Replacement Exhalation Valves are made of thicker plastic, providing added durability. The 2.0 Replacement Exhalation Valves also hold the diaphragms in a section of the valve separate from the portion that opens to change the filters. This decreases the occurrence of the diaphragms going missing.

#### FEATURES:

- 2 one-way Exhalation Valves per pkg. (each includes valve and base)
- 1.5" diameter in size
- Compatible with all RZ Industries® mask models

\*Valves only need to be replaced if they become damaged or if a piece goes missing. However, many like to customize their RZ Masks® with different color valves for added style!

\*The replacement exhalation valves and caps cannot be used with NIOSH approved respirators.

BLACK		RED		WHITE		BLUE		GREEN	
650951	15.95	650952	15.95	650953	15.95	650954	15.95	650955	15.95

### EXHALATION VALVE CAPS

An alternative to the RZ® standard V1 and V2 one-way exhalation valves.

One-way valves offer an improved flow rate while you exhale air, helping to eliminate moisture from your face and mask. In contrast, the new Exhalation Valve Caps do not allow any air to pass through the valves – causing 100% of your exhaled breath pass through the mask filter. This design helps to further prevent the spread of airborne particulate or germs to those around you in tight indoor spaces.

Some states now encourage or require this design, and we suggest checking with your local authorities.

#### FEATURES:

- 2 Exhalation Valve Caps per package (each includes valve cap and cap base)
- 1.5" diameter in size
- Compatible with all RZ Industries® mask models

\*Valves only need to be replaced if they become damaged or if a piece goes missing.

\*The replacement exhalation valves and caps cannot be used with NIOSH approved respirators.

### RZ® DEFENDER WORK MUFFS NOISE REDUCTION EARMUFFS

The RZ® Defender Work Muffs keeps your ears safe both on-the-job and at home. Providing a full 26db of noise reduction, they're perfect for use around power tools, construction equipment, farm equipment, or anything that creates ear-damaging levels of sound. "Soft seal" muff areas and double-shell construction cancel the decibels, but won't squeeze tight against your ears. Industrial noise-dampening foam muff layers with very comfortable, soft rubber muff seals. Padded, flexible, adjustable headband with pivoting steel-wire connection at both sides for just the right instant fit (fits virtually any head size). They're easy to slip on and off quickly, and are a must-have for any garage or work site. Muffs fold into themselves for easy storage and transport. One size. Imported.

## TASLAN™ ALASKAN STYLE HATS

### W/RABBIT FUR TRIM

A cold weather hat Alaskan style hat made famous by explorers and military personnel of the far north, featuring a soft quilted lining and forehead, chin and ear flaps lined with warm rabbit fur. The Yukon Tracks Alaskan-style hat brings you a rugged, classic cold weather design with a durable shell and genuine rabbit fur lining the forehead, chin and ear flaps. Snaps secure the forehead and ear flaps to the hat or the flaps can be folded down for additional warmth. Poly-cotton.

## NO FOG® MASKS

Designed to stop breath fogging of your helmet shield, eyeglasses and goggles, period!

NO-FOG® is the best selling legendary "Original" Helmet Breath Deflector in the USA & Canada with the best industry leading fog rating. Guaranteed to stop breath fog on eyeglasses, helmet shields and goggles. Provides warmth, comfort and a perfect fit on your face. New "Smart Fit™" design nose seal for NO-FOG® Snowmobiling! Also helps to warm and moisten inhaled air for cardiovascular relief. Awesome to wear in any kind of cold weather.

Work or Play! Our masks are endorsed by satisfied customers worldwide! Beware of other neoprene masks with questionable origins. Our people actually work and ride in the most extreme cold weather environments on earth and know how to make a great product. For superior quality and fog-fighting performance. Trust NO-FOG®! More professionals wear NO-FOG® than any other™!

### NO FOG® MASK SIZING INFO

- SM/JR size is for approximate neck circumference 11" - 14" and with goggles only
- Medium/Large size is for neck 14" - 18" (including XL helmet)
- XL size is for neck circumference 18" - 20" (including XXL helmet and some XXXL helmets) respectively
- Our MX Mask in large is for neck circumference 15"-18" (including the XXL helmet)
- The #NFL Mask is a one size fits most for adults.

Keep in mind that if wearing a thicker balaclava you may have to add that dimension to your neck size.

## MX™

- NO-FOG® Gaitor™ series model features a top attached moisture wicking balaclava and bottom fleece neck and shoulder extension - Can also be turned inside and worn as a hat
- Anti-Fog mask can be worn with complete confidence inside any Full-face, Open face, Modular or Motocross/goggle helmet
- The front NO-FOG® deflector actually form-fits (flexes & conforms) within the confines of your helmet, creating a custom fit breath deflector
- Eliminates breath fogging! All breath exits outside bottom of helmet
- Masks are made from soft warm Micro-Fleece™ neoprene and Dry Face™ technology with behind neck Velcro® closure for quickly on and off wearing
- Fits neck sizing 15" to 18" (Large)

### #7D™

SIZE	PART#	
L	650711	42.99
XL	650712	42.99

## #7D™ HIGH PERFORMANCE BREATH DEFLECTOR MASK

### Features advanced moisture wicking properties

- NO-FOG® High Performance #7D™ series model features a removable upper head Z-Strap™ made from neoprene for superior strength
- The upper strap Velcro's anywhere to the mask for a customized head/helmet fit
- Anti-Fog mask can be worn with complete confidence inside any Full-face, Open face,
- Modular or Motocross/goggle helmet
- No bottom fleece means easier head movement while riding
- The front NO-FOG® deflector actually form-fits (flexes & conforms) within the confines of your helmet, creating a custom fit breath deflector
- Eliminates breath fogging! All breath exits outside bottom of helmet
- Masks are made from soft warm Micro-Fleece™ neoprene and Dry Face™ technology with behind neck Velcro® closure for quickly on and off wearing
- Wear with or without any balaclava
- Fits neck sizing 14" to 18"
- Fog rated @ -50

### #7DG

## TECHNICAL FEATURES

### WATERPROOF, WINDPROOF AND BREATHABLE

#### MEMBRANE

<b>HIPORV</b> <sup>®</sup>	Moisture permeable, water resistant and breathable glove insert.
<b>REISSA</b>	Polyurethane resin membrane. Waterproof, breathable and lightweight.

#### COATINGS

<b>HITENA</b>	Super durable, long lasting, and breathable coating.
<b>HUMAX</b>	Waterproof, windproof, & breathable polyurethane coating

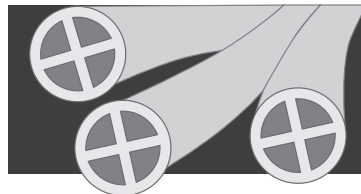

**HITENA**<sup>®</sup> Hi-Technology innovation for protective sports apparel and high grade material. Highly resistant to abrasion. Available with breathable coating for comfort and dry in extreme weather conditions.

**Humax**<sup>®</sup> is a polyurethane microporous membrane (1.4 billion pores per cm<sup>2</sup>) which prevent the large drops of rain from entering, but allow the small water vapor molecules to escape. **Humax**<sup>®</sup> is waterproof, windproof and breathable.

### WARMTH

#### INSULATION

<b>DU PONT</b> <b>Hollofil II</b>	Compact and soft, yet resilient and re-fluffable. Greater warmth without added weight.
<b>DU PONT</b> <b>THERMOLITE</b>	Polyester glove insulation with maximum warmth for minimum bulk.

**HOLLOFIL II**<sup>®</sup> is soft and resilient. Conforms easily to body shape, greatly reducing heat loss. The insulation of 4 hole fibers traps more air for greater warmth.

**THERMOLITE**<sup>®</sup> built-in warmth without weight. Lightweight polyester fabric made with hollow-core which combines insulation with moisture wicking properties. It is designed by DuPont Company.

### ADDITIONAL DURABILITY

#### FABRIC

<b>Bemberg</b>	Breathable, light, durable and with a silky touch.
<b>DuPont</b> <b>Teflon</b>	Prevents water from absorbing into fabric. Dirt & spots easily wash away.

**Bemberg**<sup>™</sup> is the brand name for Cupro, the regenerated cellulose fiber derived from cotton. Smooth texture surface with moisture control feature keeps clothes cool and dry, ensuring fresh comfort.

**Teflon**<sup>™</sup> is Water Repellent treatment made by Dupont. Repels water and water based stains. We use this material on our fabric surfaces. Dries quicker while dirt and spots can easily be washed away.

- One size fits all
- Four way stretch
- Keep the cold out with these!
- Comfortable and durable
- These liners provide warmth with little or no bulk
- Can be stored with minimum of space
- Ideal for all outside activities

**CL750 9.95 pr**

## PERFORMANCE TECH WEAR GLOVE

- Protects hands from cuts, scrapes and burns
- Comfortable and durable
- Thick enough to protect and thin enough to handle small objects
- Soft, flexible fabric is breathable and easy to clean

COLOR	S	M	L	XL
BLACK/BLUE	W88998 20.95	W88999 20.95	W89000 20.95	W89001 20.95

## HAND MIRROR

- Lightweight and convenient for that important rearward glance.
- Adjustable hook & loop strap for secure fit.
- Convex acrylic safety lens mirror (2-1/2" x 3-1/2")

**M25 10.95**

## WRIST MIRROR

- Stock replacement for Suzuki DR models (LH)
- Mirror size approx 4-1/4" x 4-1/4"
- 9" overall length
- Matte black finish

**224150 6.95**

## GAUNTLET WITH WIRE OPENING

- Reflective piping for safety
- Velcro mounting strap
- Pile lined fleece interior
- 100% waterproof fabric outer shell
- Memory retaining wire opening for quicker access to your controls

**KG01134 37.95 pr**

## SPI HAND GUARD GAUNTLET

- Super-sized gauntlets
- Designed to fit over new style handle bars with large brake reservoirs and large controls

**121290 73.95 pr**

## ATV HAND PROTECTORS (MITTS)

- Pair of these mitts will protect your hands from wind, weather, brush and rocks.
- Quickly and easily attach to your handlebars with hook amp; loop straps.
- Constructed of rugged 600-denier polyester pack material with a thick waterproof coating, insulated and lined inside for a warm grip.
- One size fits most ATVs, snowmobiles and motorcycles.

**966636 Pair 20.49**

## STAR SERIES HANDGUARD GAUNTLET

Keep your hands warm and dry no matter what the conditions. Designed to work with our Star Series handguards, these gauntlets keep out the cold, wind, rain, and mud and are great for snowmobiles, ATVs, and motorcycles. The unique "stay-open" design makes it easy to grab your bars and see your controls. The gauntlet extends your riding season and allows you to ride with thinner gloves, giving you a better feel.

## HOW BAFFIN DEVELOPS

### BOOTS THAT ARE POLAR PROVEN

Over a decade ago Baffin started out by revolutionizing the waterproof boot market as one of the first companies to use injection moulding of easily recyclable synthetic polymers in place of traditional vulcanized rubber. More than a decade of constant R&D and in-field testing has led Baffin to produce the leading edge, technical footwear that we have available today.

### THE SOLE OF A BAFFIN BOOT

Every aspect of a Baffin out sole has been meticulously thought out and developed to be the most functional possible. From the tread patterns, designed for maximum grip in their specific applications, to the materials used to strike the perfect balance between traction, flexibility, light weight and durability, the construction of the contact point between a Baffin boot and the terrain is second to none.

### THE BAFFIN INNER BOOT SYSTEM IS UNIQUE

Our multi-layer inner boot system creates a warm boot because body moisture is wicked away. A Hydromax II layer, similar to the material used in babies' diapers, combined with a B-Tek four channel hollow fibre layer acts as a moisture control system keeping the foam dry and funneling water vapor out of the boot as opposed to felt packs used in other boots that compress over time and retain water.

We've updated our innermost layer to an improved "Thermaplush". It's a chamois leather-like material that feels remarkably soft and smooth. A vaporized aluminum membrane has a silver surface which reflects energy back towards the foot. In our boots that are rated for very low temperatures, we use two of these.

### FASTENING SYSTEMS FOR FUNCTION AND CONVENIENCE

Unlike footwear for average settings, under harsh conditions it is essential that boots can be taken on and off easily with gloved hands. All our buckles are made exclusively for Baffin out of the best cold crack resistant materials available. Our boots can be secured with either a single or double buckle.

## HERITAGE SERIES

## FEATURES

- Pull loop with faux-fur collar
- Leather upper
- Multi D-ring lacing

A homage to our roots. Styling inspired by traditional winter footwear, with new ingredients and our proven construction - find comfort in our soft Gel Flex midsole, and confidence in our Polar Rubber base. These are the boots you'll want by your door when Old Man Winter stops by unannounced.

## MENS

## CANADA

**-40°F**

The weather outside might be frightful, but you can go out anyway. Built for the rugged conditions in the coldest parts of our country, these boots are ready for whatever winter has in store. A rubber outsole blocks out snow and slush, while a tall leather shaft blocks out tall drifts. A thick felt liner insulates feet against serious cold - Baffin recommends these boots for temps as low as -40°C.

## POLAR SERIES

## FEATURES

Baffin's Polar Proven specialized boots are rated to perform at -100°C/-148°F. It's hard to find anywhere on the planet that truly gets that cold but there are plenty of days when it feels that way. On those days you need the comfort and warmth that our Polar Expedition Series delivers.

Tested at both the North and South Poles, these boots perform flawlessly even under the most demanding conditions. Our unique eight-layer Thermaplush liner, double heat reflecting core, and cold-resistant polyurethane mid sole bonded directly to the shell and then attached to a premium polar compound rubber out sole delivers all-day satisfaction. Lightweight and featuring easy-to-use fastening buckles, this premier line of boots is the template on which our other lines of footwear are made. Constructed for comfort and designed to deliver the ultimate in performance no matter where you go, no matter how severe the weather. We've thought about all the technical features to make the Polar Expedition Series the perfect choice for extreme conditions - so that you don't have to when you venture out.

- **BASE:** Integrated Arctic Flex, Rubber Base
- **INSOLE:** Waffle in sole; Anatomical foot bed
- **OUT SOLE:** Premium polar rubber
- **LINER:** 8-layer inner boot system with Thermaplush
- **UPPERS:** Timberwolf leather and Diamond-Lite insulated nylon

## REACTION SERIES

You asked for a lighter more technical line of boots suitable for everyday winter wear especially when the snow is deep. The Reaction Series of footwear is our answer. If you stay outdoors for any length of time you demand a boot that keeps feet warm and dry. We have improved the outer shell, made from light-weight synthetic recyclable rubber. We added a flexible ultra-light mid sole and integrated the premium rubber compound out sole to superior arch support system for more comfort. The uppers are made from double weave 900 denier nylon which is stronger and more flexible than ever before. Five layers of inner boot guarantee this boot to a rated temperature of -40°C / -40°F. Baffin technology make the Reaction Series a perfect choice for challenging outdoor conditions at a reasonable value.

## FEATURES

- **SHELL:** Synthetic rubber
- **MIDSOLE:** Proprietary cold resistant EVA compound
- **OUTSOLE:** Rubber with integrated arch support
- **LINER:** 7-layer inner boot system with Thermaplush
- **UPPERS:** Double-weave 900 denier nylon with reflective piping

## MENS

### COLORADO

**-40°F**

The Baffin Colorado is the newest model in the Reaction Series of boots, which are all rated down to a chilly -40 degrees. An easy, pull-on snow boot with toggles for a more customized fit around the leg, the Colorado is a great option for snowmobiling, shoveling, and other cold weather outings. The double weave 900 denier nylon upper is tough and the reflective piping details make these winter boots an excellent choice for low-light conditions.

**POWERSPORT SERIES**

These boots defined a category of footwear for winter motor sports and they still lead the field. They were inspired by snowboard and motocross boots. While snowboard boots are warm and stable they do not provide the right stance. And motocross boots provide good protection but are not well enough insulated. Powersport Series boots are warm and comfortable even on long winter sled and ATV rides. They use our unique 8-layer inner boot system with Thermaplush to provide lightweight, thermal insulation and moisture management. They are rated to -70°C/-94°F. At the same time the carbon fiber leathers help protect the lower extremities from impact and penetration injuries.

**FEATURES**

- **INSOLE:** Rubber with integrated arch support
- **OUTSOLE:** BXT and liner provide support
- **LINER:** 8-layer inner boot system with Thermaplush

## YOUTH EPIC SERIES

An evolution of our highly successful Conviction series, the Epic Series represents the newest advancement in a technical, light weight expedition worthy boot. We have shaved grams: improved the grip; expanded the toe box for a more comfortable fit and toughened the shell to give the ultimate in comfort and performance. With Icepaw pads that improve grip on ice, and our Arcticflex compound in the shell to provide tough cold weather flexibility, the Epic has it all. Cold rated to -60 in active use, this group of boots will take you through the toughest winter activity while keeping you warm and managing the moisture you generate.

## FEATURES

- **BASE:** TPR rubber
- **INSOLE:** Base and liner provide support
- **OUTSOLE:** TPR rubber
- **LINER:** Multi-layer inner boot system
- **UPPERS:** Pro-Tech microfiber and rip-stop nylon

## YOUTH

### YOUNG EIGER

**-76°F**

Young Eiger winter kids boots will have junior keeping right up with the older folks. Lightweight, warm, waterproof and durable, these are expedition-worthy boots that are perfect for snowmobiling, ice fishing, sledding, and simply playing in the snow all day. High-quality Pro-Tech microfiber upper; grippy Arctic Flex rubber sole; comfort-rated to -60C/-76F; built-in gaiter on top seals out snow; removable 7-layer liner with ThermoPlus provides insulation and wicks moisture; dual straps give precise fit and easy on-off; reflective highlights for visibility & style. Step into Young Eiger winter boots, and go without worry.

**SNOWFLAKE SERIES**

**YOUTH**

**SWITZERLAND**

**-40°F**

With the Baffin Switzerland Boot, your little girl will love to be out playing in the snow as much as her older brothers. Don't keep her in the house when you can keep her feet warm and dry all day long outside. Rated to -40F (-40C) to keep her toes warm and wiggling all day long. The multi-layer inner boot system creates a warm, insulating boot by wicking moisture away from the foot even at times of extreme exertion. Nylon ripstop creates a wind and water resistant outer layer. Cross shaft zipper for easy fastening.

# PROTECTION

## FEATURES COMMON TO ALL TEKVEST MODELS:

- Tough, hi-tenacity, vented mesh and rip-stop nylon shell with soft-armor configuration
- Closed-cell foam & UHMW plastic laminate armor
- A level of all-round protection currently not available in the off-road market
- UHMW (Ultra High Molecular Weight) plastic - 8 times more cut resistance than HDPE
- More flexible than poly carb MX gear
- Race-proven armor configuration similar to ProLite SnoX TekVest
- Excellent back support and "electric blanket" type warmth for the lower back and kidney areas for cold weather riding

- helmet accessories
- eyewear
- headgear
- jackets
- t-shirts & sweatshirts
- bibs & pants
- gloves
- boots
- protection

## TRAIL PRO

- Our top of the line trail TekVest model incorporates a blend of Pro Lite and Super Sport features
- An attractive, quick on and off design that eliminates the need for a front zipper
- This is the ultimate upper body protector for any aggressive trail rider who would like more frontal protection and ventilation than currently offered by the popular Super Sport model
- Built-in cargo clips enable the rider to add one of our optional packs at any time
- Extensive use of high-tenacity mesh panels for enhanced ventilation
- Reverse entry front pockets with waterproof zippers and built-in car key clip

## FLAK JAK™ LT IMS

The world's first chest protector designed to be worn with the Leatt-Brace™. The current chest protectors on the market just don't work with the Leatt-Brace™. Extending straps, cutting and hacking up existing protectors is ridiculous and flat out unsafe. We designed the new Flak Jak™ LT to work with the Leatt-Brace™. The shoulders are designed to fit around the brace and not interfere with the brace or the rider's mobility and comfort, while still maintaining the protection expected from the HRP Flak Jak™. We have utilized all the Flak Jak™ technology and added a latch system called the E-Leat Latch System (patented), which allows the chest protector to be placed on the rider after the Leatt-Brace™ has been correctly positioned on the rider.

### Flak Jak Technology:

- Nytrolyte padding
- Suspended netted shoulders
- Crystal clear polycarbonate anatomical plates
- HRP's exclusive Impact Management System (IMS) - utilizes the management of air to disperse the energy of impact
- Full range of sizes to assure a proper fit

## K-RIB WRAP

Our completely new kidney rib belt design is like no other. Designed to be used with suspenders as a mid back/rib guard, or remove the suspenders and use as a lower back and side protective kidney belt. Kidney belt designs have been stagnant since AXO introduced the hard back belts in the late 1980s, until now. The K-Rib Wrap is a completely new concept that takes protection to a new level.

**Features:**

- Bio foam & plastic molded parts
- Venting
- Rib panels
- Removable suspenders
- 3 strap attachment system
- Internal molded bio foam increases air circulation

## FLAK WRAP

The Flak Wrap is the most comfortable and lightest high performance torso support system available. We designed the Flak Wrap to be unbinding by cutting the belt correctly and offering a broad size range so it fits over the hips. By not locking in the hips, we allow the rider the free pivoting action needed when going through whoop sections and dropping into turns without compromising the support needed for the lower front abdomens and kidneys.

COLOR	XS (22"-26")
BLACK	940615 24.99

## IMPACT WRAP

Maximum protection with minimum restriction. A combination of molded bio-foam, plastic and our classic Flak Wrap design make this kidney belt as protective as it is unrestrictive.

COLOR	SM (26"-30")	MED (30"-34")	LG (34"-38")	XL (38"-42")
