— MX GOGGLES

— FURY SERIES — WFS GOGGLE

The SCOTT Fury WFS comes equipped with all the same great features as the standard Fury. This upgraded version comes with a pre-installed WFS50 roll-off system, offering a large, clear field of vision even in the muddiest conditions. The canisters can be clipped directly on the WORKS pins of the lens, which makes their installation much easier and less time-consuming. It takes almost no effort as there are no tools required. It also makes the switch from roll-off to tear-off simple and fast. The improved, transparent anti-stick grid offers a better field of vision, easier installation in the canisters, better sliding on the lens and better sealing with the lens at the top.

SCOTT GRIPS AND DONUTS

— SCOTT DIAMOND + DONUT GRIP —

DIAMOND GRIPS AND DONUTS FOR MOTO

The go-to motocross grip for many a professional racer, the SCOTT Diamond Grip is the most advanced mx grip in the range thanks to its highly advanced triple density construction. A medium density outer waffle pattern delivers maximum control and durability, whilst the soft density diamond pattern area reduces vibration, therefore reducing arm pump and fatigue. A firm density end cap offers further durability to this advanced motocross or enduro grip. The included grip donuts increase comfort and greatly reduce the chances of getting thumb blisters.
